

FIG. 1 is a cross-sectional view of a circular device, likely a turbine or compressor, showing multiple curved blades (1, 2, 3, 4, 5, 6, 7, 8) arranged radially. The blades are labeled with various sub-components like 1A, 2A, 3A, 4A, 5A, 6A, 7A, 8A, 8X, and 10. A central hub (11) is visible. A curved arrow 'T' indicates a tangential flow direction.
